ABOUT OEUF

Michael Ryan and Sophie Demenge are the husband-and-wife team who created Oeuf. Born and raised in upstate New York, Ryan brings an engineer's perspective and eye for minimalist design to the company's high-quality, functional pieces. Raised in Paris, Sophie's playful and practical approach to design was nurtured in such diverse places as the philosophy department at the Sorbonne, trapeze classes in San Francisco, the Pratt Institute in New York.

After meeting, the pair teamed up to hone their aesthetic in R+D Designs, a home goods company known for ingenious pieces. The birth of their first child in 2002 turned the couple's talents to children's design, and together they created Oeuf with the vision to provide modern parents with high-quality, streamlined pieces that are sustainably sourced and responsibly created. The company started with just one crib, and has grown to produce several lines of stylish nursery and junior furniture, kids' clothing, fun toys and elegant yet whimsical décor objects, sold all over the world. Michael and Sophie live in Brooklyn with their two children, who are their main source of inspiration for creating new products. Being parents gives them great insight into what kids will love using and what parents want, allowing for kid-friendly furniture and décor to blend in a modern stylish house. Their family values reinforce their commitment to ethical business practices – leading to the company motto, "Be Good."

Oeuf's commitment to combining intuitive design, ecological and sustainable production with simple & clean style has made it one of the most respected and independent brands in the market.

MANIFESTO

When we were kids, whenever our parents dropped us off somewhere like school, our grandparents' house for the weekend or even summer camp, they always gave us a hug and a kiss and told us to "be good!" as they waved goodbye.

As kids we were very literal and knew this meant...don't cut your sister's hair, don't glue yourself to the wall, don't go running off into the woods with nothing but your underwear and a toothbrush. At the time, it was mostly about good behavior.

Now as parents, we realize there is a whole other level of meaning when we kiss them goodbye and tell them to be good. We know we're really telling them to be good people. Do the right thing. Make us proud. Be the kind of people we hope to be. As Oeuf, we have the chance to elevate this notion once again and be a good company. When we say Be Good, we mean...

Be good designers.

Simple, clean, intuitive products that are easy and safe to use; made with quality craftsmanship that will last from generation to generation; designed with a European sensibility that is fun and stylish, reflecting the needs and lifestyle of today's families.

Be good people.

Respect the people who work with us and treat them fairly whether employees, artisans, retailers or consumers. Provide a safe and supportive working environment that allows working families to live and thrive in the United States, Europe and abroad. Honor cultural traditions, diversity and local values. Pay people living wages that enable them to live healthy and fulfilling lives and send their own children to school.

Be good to the planet.

Use natural, renewable, recyclable materials that emphasize conservation and lead to environmentally sound products. Employ eco-conscious manufacturing processes that promote sustainability.

Be Good is not just something we say, it's something we mean. As parents, we want our children to inherit a world that is better than we found it. As Oeuf, we have the ability to make that happen.

Oeuf

MADE IN EUROPE

As part of Oeuf's mission to "be good," we make sure all our products are environmentally sound – from our choice of materials, to the manufacturing processes, to the recycled packaging our products come in.

All Oeuf's furniture is made of sustainable, premium materials and is ethically produced in the small European country of Latvia. Forests are abundant, fast-growing, and cover over 70% of Latvia, which has a proud tradition of woodworking. As a respected member of the European Union, Latvia also has strong standards and regulations relating to labor, safety, quality, and the environment.

All Oeuf's furniture is produced in a Forest Stewardship Certified facility, with state of the art dust collection to protect workers and the environment. All waste possible is recycled through licensed facilities, and wood waste is reprocessed at the factory into briquettes, which are then used to heat the factory during Latvia's snowy winters. In addition, our engineered eco-MDF panels are made from recovered wood fibers.

To protect our children and workers alike, we only use non-toxic, water-based finishes on all of our products, and all of our materials (solid wood, Baltic birch plywood and eco-MDF) meet the stringent European E1 and Californian CARB 2 emissions standards.

ROSA'S NURSERY

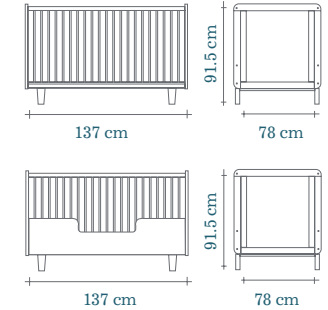

Rosa is a daredevil, always trying to climb out of her crib, like her friend the monkey. So her parents decided that for her upcoming second birthday, she will get the toddler bed conversion kit.

CHARLIE'S NURSERY

Little Charlie is a happy baby who sleeps in the Rhea crib... a lot! He shares his crib with a pigeon couple he rescued from the streets of Brooklyn, who he named Pablo and Penelope.

RHEA COLLECTION

The Rhea collection offers great value with uncompromising quality

Safe & Eco-friendly

- finishes are non-toxic, water-based and free of VOC health hazards
- crib is made of solid birch and Baltic birch plywood
- dresser is made of Baltic birch plywood with eco-MDF drawer faces

Options & Functionality

- crib converts to toddler bed with conversion kit (sold separately)
- crib has 3 adjustable mattress positions
- 3 drawer dresser can be used as a changer by attaching the changing tray or pad
- 6 drawer dresser can be used as a changer by attaching the XL station
- additional matching items include toy store, mini library and changing tray
- mattress size: 71 cm W × 132 cm L

FAWN COLLECTION

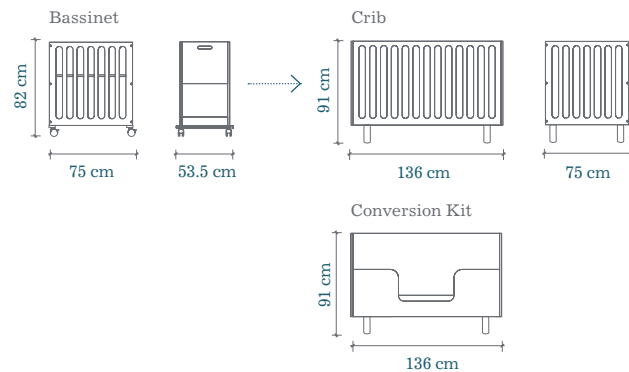

A convertible design to last for years to come

Safe & Eco-friendly

- finishes are non-toxic, water-based and free of VOC health hazards
- bassinet and crib are made of Baltic birch plywood and eco-MDF
- dresser is made of Baltic birch plywood with eco-MDF drawer faces

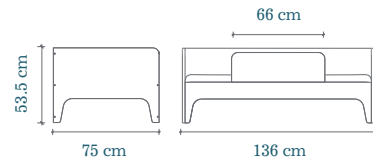

Options & Functionality

- the Fawn System comes with all the necessary parts to assemble the bassinet and the crib (both cannot be assembled simultaneously)
- crib converts to toddler bed with conversion kit (sold separately)
- crib has 3 adjustable mattress positions
- 3 drawer dresser can be used as a changer by attaching the changing tray or pad
- 6 drawer dresser can be used as a changer by attaching the XL station
- additional matching items include toy store, mini library and changing tray
- mattress size: bassinet - 40.6 cm W × 71.1 cm W
crib & toddler bed - 71.1 cm W × 132.1 cm L (standard size crib mattress)
- bassinet mattress included

OTTO'S NURSERY

Otto has slept in the Fawn since he was born. Starting in the petite bassinet, he is now a playful toddler enjoying the converted, full sized crib.

Toddler Bed with guard rail

PERCH TODDLER BED

Celebrate the important milestone of moving to a “big kid” bed with the Perch toddler bed

Safe & Eco-friendly

- sustainably produced in Europe in an FSC certified facility
- finishes are non-toxic, water-based and free of VOC health hazards
- made of Baltic birch plywood and Eco-MDF

Options & Functionality

- easy to assemble
- toddler bed converts to a day bed by removing security rail
- comfortable sleeping for your child to age 6
- additional matching items include Perch bunk bed, Merlin dressers and mini library
- standard crib mattress size: 71 cm W × 132 cm L

SIMON'S ROOM

Simon knows he's a big kid now, so he likes having a Perch toddler bed instead of a crib - especially since it's so much easier to get out to play with his cars!

MERLIN DRESSER

Designed to match all Oeuf collections

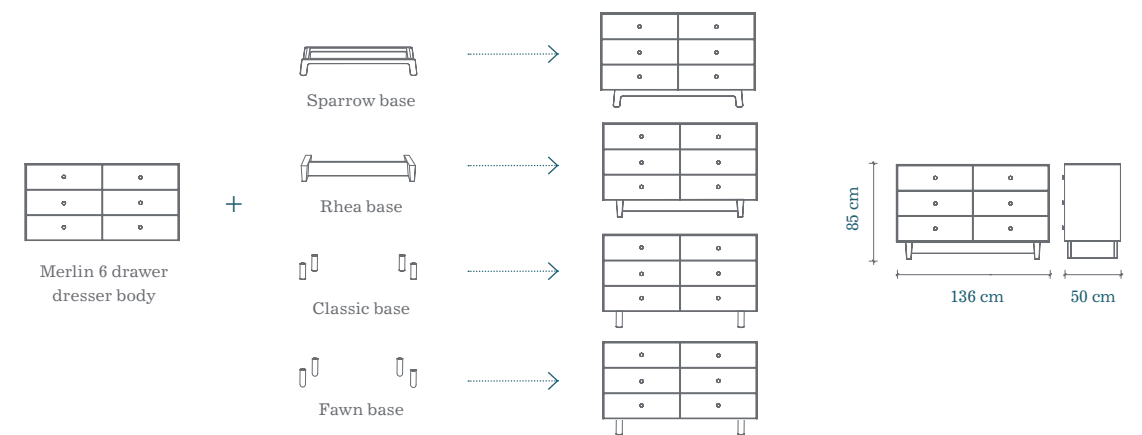

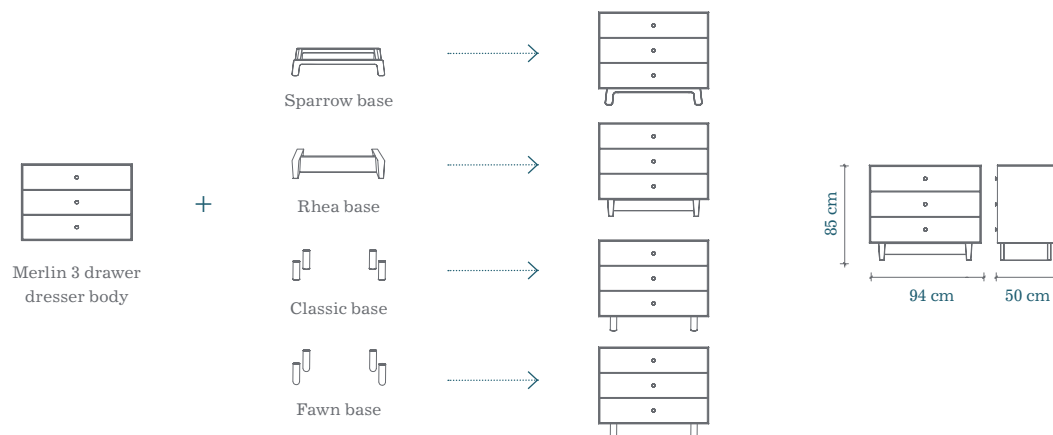

Safe & Eco-friendly

- anti-tipping hardware included
- finishes are non-toxic, and free of VOC health hazards
- dresser is made of Baltic birch plywood with eco-MDF drawer faces

Options & Functionality

- 3 drawer dresser can be used as a changer by attaching the changing tray or pad

- 6 drawer dresser can be used as a changer by attaching the XL station
- drawers have a 50 lbs. weight capacity
- concealed undermount roller bearing drawer slides, with soft closing and stay-close features
- coordinates with all Oeuf collections by changing its legs
- dresser with classic base has adjustable legs for uneven surfaces
- dressers have coordinating knobs and legs
- minimal assembly required
- changing pad is sold separately

CHANGING TRAY & XL STATION/WALL SHELVES

Practical and versatile, these changing trays can turn your dresser into a changing table, which is perfect for smaller spaces

Safe & Eco-friendly

- finishes are non-toxic, water-based and free of VOC health hazards
- made of solid birch and Baltic birch plywood

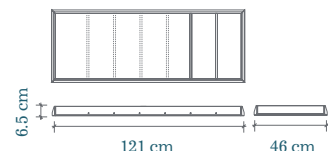

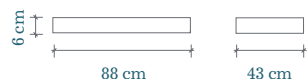

Options & Functionality

Changing tray:

- attaches safely to the Merlin 3 drawer dresser
- changing pad included (40.6 cm W × 82.6 cm L × 10.2 cm H)
